quite the same. While the performers sleep after their night of travel, the roustabouts put up the big top. The modern touch is the small bulldozer which is placing the poles in the top photo. The base of the pole is placed in the bucket and the dozer rolls forward to set it in place. Secondly, the circus is elephants. This small show had a tragedy when its adult elephants died but this cute elephant baby is working into the act keeping a long tradition alive.

The circus is for kids of all ages and the show doesn't start at the time marked on the ticket. From the minute the wagons arrive

at the field, the show is on. The precision and teamwork necessary to raise a tent, rig it and prepare it for the performance is born of long practice and it is fascinating to watch it rise from the newly cut field. The photo shows the canvas just clearing the grass as the supporting poles are about to be placed.

Swimming Meet

The annual swimming meet at the Mattapoisett Town Beach will be held Saturday, August 19th, starting at 1:30 P.M. at the beach. In the event of rain the meet will be held the following day at the same time.

The events for girls and boys are: 15-yard free style for those 9 years and under; 25-yard free style for those 11 and under; 50-yard free style for those 14 and under; and 100-yard free style for those 15 and over. There will also be an open handicapped 1-mile race. A mixed volley ball tournament will conclude the program.

Contestants in the mile swim must have the written consent of their parents, and only Mattapoisett residents are eligible to compete in the meet.

Persons desiring to compete should register at the bathhouse. Trophies, which are now on display in Romeo's window,

On August 7th the Mitey Mites Championship was held at Barnstable. Heavy gusts made it extremely difficult for the AYC light team to handle the boat. Skipper Bruce Sammis and crew Scott Crowley in Sheba II managed a well sailed fourth in the last race out of 21 starters.

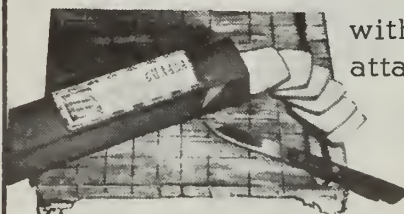

1972 SMYRA Junior Beetle Cat Championship Series were held on July 31st at Hyannis. David Crowley, skipper, and Joan Cornish, crew, made a fine showing for

Angelica taking second place in the series. A disqualification in the second race cost them the championship. In six races, they finished 3, 2, 3, 2, 1, 1. West Dennis won first place and Lewis Bay came

The Plymouth-Home rate reducing plan.

Our New Automatic Transfer System Can
Reduce the Rate of Your Automobile Loan.

With the cost of cars—and living—going up, it's about time a bank reduced the cost of living it up!

One of the best features of our new Cash Control Account is an automatic transfer system that can pay your car loan every month right from your checking account. No fuss, waste of time, or even the expense of a stamp. (And stamps keep going up, too!) It also saves us time and money in the processing of your payments. That money we save is returned to you in the form of reduced rates. So turn your checking account into a Cash Control Account by having your loan payments made automatically.

Come into any of the Plymouth-Home offices throughout Plymouth County and ask how our "Rate Reducing Plan" can save you money on that new car or any installment loan. It'll be well worth the visit... and that's something you can count on.

Bank where it counts.

Mattapoisett Yacht Club

RACING ON WEDNESDAY, AUGUST 9

Racing at the Mattapoisett Yacht Club during the past week has been an on-and-off affair, with two cancellations.

AUGUST JUNIOR SERIES

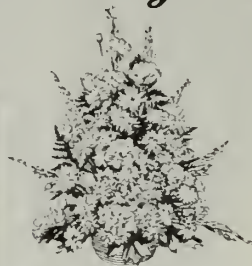

The first event on the calendar, the second Junior contest in their August Series, on August 9, was held under the most auspicious circumstances - good visibility and steady 10-knot winds.

Phil McCarthy, sailing Wolf, and Meredith Barnes in Gay Lee Ann II shared Beetle Cat honors in the Wednesday double header.

In the first race, Phil McCarthy got

off to an excellent start, leading the 12-boat fleet to the first mark. Then the action really began to build up in true Beetle Cat fashion. The top three battled all the way to a close finish, Phil besting Meredith by 25 seconds, and Laurie Jenney trailing by only 23 seconds.

The next time around, Meredith took a port tack start which put her well out front

All eyes are on the ring as the performers do their best to thrill and amaze. The age old fascination can be seen on the faces of these children.

and enabled her to win by 2 1/2 minutes. The contest for second and third, in contrast, was a very tight one: Carl McCarthy's Blue Cloud with a time of 44:55 and Phil with 44:56.

EVENING SERIES

As the day progressed, the weather began to worsen and by 6:30 P.M., when the third Evening Series was to get underway, the winds were blowing up to 20 knots and fog had set in. The cancelled race will be re-sailed next Wednesday, August 16th.

AUGUST SENIOR SERIES

Again on Saturday, August 12th, both sea and wind turned uncooperative, necessitating the cancellation of the races for

the Beetle Cat Division in the scheduled first contest in the August Senior Series.

Details for this event will be announced in the Fall.

It was a fine team effort at bat and on the field.

K. Bauer pitched her first game with Dianne Meehan catching, Carol Gingras at first, B. Bauer at second, Joy Reilly at third, Kim Dennis at shortstop, B. Horrocks at sf, Kathy Cardoza in lf, Liz Glennon in cf and Susan Lake in rf.

Substituting were Christine Cooper, Diane and Pauline Lemieux and Sherry Haskell.

The girls also beat the "Old Ladies" for the second straight time by a score of 17-7.

Their next game will be at the Bourne Little League field August 17th at 6:00 P.M. against the Bourne Girls' Team.

Pitfalls of School

AVOID THESE COMMON BACK TO SCHOOL PROBLEMS

How times have changed.

Years ago, when you went to kindergarten, you probably spent most of your classroom hours playing with toys. Many of today's kindergartners, however, are not only learning their A,B,C's, but how to add and subtract as well! Yet, because today's kids are learning more and faster then we ever did, they're also faced with problems in school that we never faced. Here, then, is a list of contemporary pitfalls, and how you can help your children to effectively avoid them:

1. Society's outcast. That's what your child will become if you don't let him

dress like the other kids. So, for the sake of his peer group acceptance and better grades, let him have a hand in selecting his clothes.

2. Homework hater. There are many ways to discourage a child from doing his homework assignments properly. One of the worst things you can do is to make him buckle down right after school, because he needs that time to unwind and relax. It's a much better idea to set up regular homework hours after he's loosened up and had a good dinner.

3. Sick and tired. Because today's kids do so much, and at such a fast pace, they seem especially prone to illness and fatigue. Be sure, then, to get them to bed at a reasonable time, and to instruct them in the facts of personal hygiene. One good way to start is to

4. Poor timing. Educational surveys
indicate that it's best to have your child
study his difficult subjects before his
easy ones. And that's because intense
concentration on a difficult subject tends
to make a child forget lots of the other
things he's already studied.

5. No incentive. The greatest gift you
can give your child is your own incen-
tive-inspiring approval of his scholastic
efforts.

You'll find that with just a little bit of
your sincere recognition, he'll go far as
a student, and even farther as a person.

Bored of Education?

To many concerned parents, today's college students seem much less impressed with the importance of their education than were students of years ago. Sometimes, the students even seem bored.

But educators and psychologists point out - seriously, yet sometimes with a smile - that many college students today are learning far more at school than their parents ever did.

Today education is different. Not only do new teaching methods make learning

Which is as it should be, when you consider that college is a mini-model of the tough outside world students will soon enough have to cope with and function in. And adjusting properly to that world is just as important and just as difficult as any course a school has to offer.

That's why so many students are getting involved with the running of their schools. The actuality of practical campus politics

Unfortunately, these kids - the good kids who make up the majority of this nation's student body - rarely make news on radio or TV. But their abilities and straight thinking have not gone unnoticed.

Each year, more and more of these grade-A students are being recruited by business and industry before graduation.
